Dear Sirs,

I am urging you to grant petition 98P-0151/CP1 to prohibit the slaughter of domestic animals.

Animals who are too sick or injured even to stand (it is so much) should not be allowed to enter the human food chain.

These animals are posing an increased risk for bacterial contamination and also owners are inhumanely pushed with beaters or dragged with chains which cause injuries ranging from bruises, abrasions, broken bones and torn ligaments.

Sincerely,

Monique Leland
